Last night, confirmation from GW that he is at work on SOLDIER OF SIDON, set mainly in Egypt when it was a province of the Persian Empire. He comments that his research shows the ancient Egyptians in a warm, sympathetic light. A fourth volume may well follow.

Concerning the publication date of SOLDIER OF SIDON: don't expect it before 2005. THE KNIGHT and THE WIZARD come first...

hi, is this, in fact, a long awaited story about Latro? the title seems to suggest this but if I let myself hope and it turns out it isn't the disappointment would be too much.

Mimosa, hi. SOLDIER OF SIDON is the third Latro novel, following directly on from SOLDIER OF THE MIST and SOLDIER OF ARETE.

Jim,

Could I impose on you one more time to post for me? Hopefully, I will soon
have an Internet connection that will allow me to send email from my Urth
address, but with the recent speculation on "Soldier of Sidon" I thought
this would be of interest to the group.

Crush responds:

Wolfe discussed the "Soldier of Sidon" during the recent online chat. He
said it was still "in the early stages" and he was not at the time certain
he would ever finish it. Incidentally, he also revealed that he will
(probably) not "wrap up" the story with the next novel -- if Wolfe could
live to be 100 with the same vigor he had in his fifties and sixties, I
think we could get Latro home.

Before "Soldier of Sidon", he will release Knight, then Wizard, then a
collection of short stories.
