Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Dear Urth List subscribers --

I forgot to pay a domain name bill, and urth.net vanished a few days ago. Everything is all paid up again, but it will take a few days more for the web site and mailing list to get back to normal. My apologies!
