Hello All

Long time lurker. Has any any one else noticed some links between the Long Sun series and Dinner at Deviants Palace by Tim Powers?

This is partly to check I'm posting correctly and to see if any one else agrees in which case I'll expand my thesis somewhat.

If it is not taken

Hmmm, I've read this, but many years ago. Perhaps you can refresh my memory?

I've found similarities in both the writing styles and themes between GS and TPowers - and recently reread Dinner. I would also like to know the connections you see as well. Please elucidate. Thanks!

I haven't noticed any, but Wolfe does like Powers, so it's entirely possible. Send your thoughts.
