Hello Everyone,

I thought it might be of interest to the list to see the results of Harlan Ellison's investigation into the events concerning Wolfe and the Odyssey workshop.

Michael

Don rejoices,

That was beautiful. A long time ago, I took Harlan Ellison as my writing inspiration, if not in style and content, for his single minded determination to do things his way. Damn the critics, damn the readers, full speed ahead! I've never changed my mind. Still, he scares the hell out of me.

What HE says about workshops I thoroughly agree with and, regrettably, feel it has much application in other areas of education too.

Matthew

I've never read any Delany, but isn't it interesting how he ends up figuring prominently in Harlan Ellison's post? It sort of ties two divergent topics together don't you think?
