Gadzooks! Upon perusing my last message, I was confronted with ten billion typos and omitted words. My apologies. When I try to quote from a book, there is no room on my computer desk, so I have to use my lap or the floor. I have no spell check on my e-mail system. Very, very sorry to make you slog through a mountain illegibility. I suppose that at one point in the previous message when I talk about "On Horn" I meant "On Green" or "as Horn" or something of the sort. A lot of the errors of transposition (hailress?!) are due to my insane and inaccurate typing speed. Once again, very sorry. Marc Aramini
