Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Is it worth setting up a Wiki page for a FAQ on the Wizard Knight books?

For those of you who don't know, Wiki is a system which allows the viewers of the webpages to edit and add to them. That way we can dynamically add to a list of questions. However, it requires a certain amount of trustworthiness since anyone can trash anyone else's prose.

Actually, I think a Wiki for each of GW's major works, which could evolve into a FAQL, would be an excellent idea. Probably best to start out with TWK, since that's the one getting major discussion time right now...
