Now that the Wizard/Knight has been completed, isn't it time for the third Latro book?

Does anyone in this group know? I asked about a year ago, and several people said that The Master would return to the Latro universe as soon as he had completed Wizard/Knight

Someone this summer mentioned that Wolfe had decided there was going to be a fight at a temple and he was trying to figure out how to get Latro there. That's the last I have heard of it's progress. If Wolfe were L. Ron Hubbard, no doubt he could get Latro all the way around the world and back to his home in a couple of summers (and they'd be big fat books too). Who knows how long it will take to find out what Latro did in the Levant.
