Ode to Joy

lo advised me that the song 'Ode to Joy' is written for her and just because I hear it when I read GW, doesn't mean it's really there.
A song of Joy for love and understanding? I'm doing this without Google... his 5th was easier to find... a prisoner tapped it out in a nearby cell.
'the owlet whoops' an ode to joy.

Ok again without google

Let's start with a storm at sea... monstrous servants... I don't know Shakespeare well but I think M Million is Robbie the Robot in Forbidden Planet... amongst other things.

Jung

Archetypical symbols... like a lintel or a wing... no trace of that here...

Buckminster fuller...

...again without googling
I should learn more about architecture as it is a major feature of this book.
Fuller I associate with geodesic domes and I have not looked for those yet.
GW would not have known about bucky-balls, but I will be surprised if I get beyond his depiction of William Morris' wallpaper pattern 'Willow Bough' on the first pages before I find more evidence of his interest in tessellated structures.
Will a library with a domed roof do?

Gandhi

Peaceful resistance... stuff like this is most evident in 'A Story'
Why don't they fight back?

GW hides the stories of women, children, minorities, animals, etc. as openly as he can!

Jim, hwaet youre bespeaking meseamyth to comb doon
to a claimb (on sewerants) that "The Filth Hood of
Cerebus" (oh how antidivourean) is essessessentialolly
a greet collideoscape in wit (ch! ch!) the reaver may
licitimably find whatsowhomever hershey pliz.

While sty mouckle rejoyce ivver sichen idear anidher toim, polace, I nottit nao forthat mystomin
some. Thing!
