Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Now here's an interesting thought problem- Would the
aliens accord the robots
'personhood' and would they be right or wrong?

Yes and rightly so.
