Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I made a mistake in that quotation. This line should read:

"The Hierodules they have found too, . . ."

not

The Hierodules they were found too, . . .

Sorry.
