I found 2 editions (paperback and hardcover) of "Shadows of the New Sun" available now from Active Booksearch, PO Box 7359, Grantham, LIN, United Kingdom, NG31 9ZZ using abebooks.com.

At 40 to 80 \$US, I'll need more info. It appears to be a collection of essays by GW, ed. Peter Wright. Subject? There is no blurb. I assume it to be Urth related. Any reviews?

Based on the email in the archives, I would dig up the books which already contain the essays, or just interlibrary loan it. It definitely doesn't sound like 40\$ worth of literary pleasure.
