Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

i am not at home now.

i think i have a copy of yoshitako's hiten which is where the website claims the "claw of the conciliator" picture is from. when i get home i will look.

as a side note. i absolutely love amano's work.
