Anybody here read German?

If so you might be interested in perusing or participating in the chapter-a-week discussion of Wolfe's Book of the New Sun at:

I tried reading the Google translation (Ich speche kein Deutsch), but it leaves a lot to be desired, so maybe if anything exciting kicks up there, someone could report back to us?

Wow... considering the book has been out of print for a decade or so here that's quite amazing. Will definitely check this out...

PS: The German translation of TBotNS is a sorry mess, though.
