Has anyone heard anything about the final Latro book? Himself has promised that he would be publishing one after the Wizard/Knight books were released.

I don't think there was an actual "promise". I sure hope it happens, though - maybe it will help puzzle out what the hell was going on in the first two books :)

Tom Holland has a new book which is a nice retelling of the Persian war:

think he does manage to give more of a sense of Persia than most reworkings of Herodotus etc.
