Thanks for this one, though it rekindled my suspicions of a Qabalistic significance in 5HOC.

Will I never finish with that book?

To cut a long story short, I believe GW used the tree of life for the family tree allowing him to effectively create a literary Aleph (a la Borges).

I just found out that one can now read Gene Wolfe's Rhysling Award winning poem "The Computer Iterates the Greater Trumps" online at:

Hope it's of interest.

Thanks!

It was neat to see Wolfe invoke 23, also.
