Greetings:

Huh. Even more interesting than that art was a comment further down:

"For you Wolfees, you might be interested to know that we just got a new manuscript called PIRATES FREEDOM. I'm very excited to work on this -- a true blue pirate story. I'm hoping to get some time this weekend to read through a lot of it. It is scheduled to publish next Fall."

Hmm... It looks a bit more academia friendly to me. I can't decide if that is a good or a bad thing.

Irene Gallo, art director at Tor, just posted the new design for the next reprint of _Shadow & Claw_ and _Sword & Citadell_ on her blog. They'll still use the Don Maitz art, but the design and typography looks a bit more restrained.
