I was scouting the net to see if I could find a source for the Magazine of Fantasy and Science Fiction here in the UK (well, outside London, really, as I know I can go to Forbidden Planet there) and found it is available as an ebook:

<http://www.fictionwise.com/eBooks/eBook43580.htm>

It seems to indicate that the PDF version is printable, and it also appears to be available now...

The magazine is in fact available. I picked one up at Barnes & Noble yesterday.
