In Roy's last post, Mantis is quoted as saying:

At dinner I also reminded everyone about the enigmatic movie version of "The Death of Doctor Island." Rostrum and Crush were blank on it, as if they never heard of it before. Pondering the mystery, James suddenly said, "Why don't you ask Wolfe?" Indeed! I should do that.

Anyone interested can find details - though not many - here:

Oh, and just a warning, in case you click that link at work, there is some nudity in some of the pictures at the site.

Rostrum will be looking for a new job now...

Four years post-production. Someone ran out of money?

Just to follow up: Mantis wrote to Wolfe about the movie, but all Gene said was "he has no idea what's going on with the movie." Fwiw.
