I've only read it once, but I do seem to remember Sven turning out for the best in the end, due in a large part to Able's guiding/beating hand. Barbaric measures for barbaric times?

also (and I'll stick this in 'cos my subject line is 'urth digest' so I can put in whatever I want)

Is it just me or does Latro turn into a bit of a bully near the end of Soldier of Sidon?
