Hi

I was checking the Gene Wolfe wikipedia page (http://en.wikipedia.org/wiki/Gene_Wolfe) in case it had news about what he's writing now. There was nothing there, can anyone who's more clued-up tell me?

I noticed at the bottom of the page: "Works available online". I've just started reading "The Case of the Vanishing Ghost" and I've laughed out loud several times already. I only saw two mentions of it in the archives so it seems that most people don't know about this online availability. Just a heads-up! There are actually quite a few stories there I haven't read before, and I have most of GW's stuff.

The wiki has a (slightly!) more comprehensive list of Wolfe's stories available online:
