Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Do any of you guys happen to know where I can read the Time (I think it was) online chat with Wolfe from few years back? Any help is appreciated.

Perhaps you mean the one at People Online, in 1997?

I found it through the Internet Archive's Wayback Machine, as the original page is offline:
