Is anyone else here watching the current remake of Battlestar Galactica? I was amusing myself by thinking of parallels between the cylons and the imhumi.

I was afraid to bring up the subject...and there are even more Wolfe-ish nods I think...nonetheless I am enjoying it immensely It took me a while...I just couldn't get past the image of Lorne Greene in a disco-space=suit. Best show on...only one I watch...religiously.

My whole family has been watching it, and are very caught up. Impressive work on many levels. And I admit to adding a gratuitous "Viva Adama!" slide to my presentations this year.
