I noticed this title on ebay....this isn't our GW is it?

Hahahaha! The question itself was not bad, but then it turns out there IS one for sale, the "cafepress" manner of things:

http://www.zazzle.com/silk_for_calde_bumpersticker-128072183836821986 This isn't one of the locals' work, is it?

Seems better to make one yourself, but its existence is inherently notable.

What do you say we take it upon ourselves to make it the new "Killroy Was Here"????

I travel the world and have a pocket full of Sharpies...so keep your eyes open...

Don't get sent to the Alambra - using chalk might be less vandalistic. It's a fine idea otherwise. I did photoshop up my own pro-Silk bumper sticker which my car is now sporting.
