The Urth list — 1 messages, 1 voices, 27 Aug 2008

Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Hmm... Internet Explorer seems to include any trailing full stop after a URL in the URL itself.

Just to make it clear, the URL for Ultan's Library is

<http://www.ultan.org.uk/index.html> and not

<http://www.ultan.org.uk/index.html>.

The same goes for Jonathan's e-mail address!
