Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Welcome, FunkMonkey, and turn off your "rich text" thingie for this address. (Find its properties and check the correct box.)

The reason that Jonas falls for Jolenta is that she is largely Dr. Talos's artificial creation. That is what he considers right and beautiful; he despises the flesh parts of himself.
