I don't have the text to hand but IIRC there is a passage in IGJ where the Neighbours say that they worshipped the mother once but do not anymore

1) The Neighbors knew of the Mother, and while Horn calls her a Goddess, I don't think we ever know if the Neighbors considered her to be so. It is Seawrack who gives Horn the ring which identifies him as a neighbor/man to He-Pens-Sheep, and may single him out as a representative of all humanity for the Neighbors (or, he IS a neighbor if you want to go that route, which I don't yet). Seawrack comes back with the ring after disappearing under the waves for a while. Could the Mother have given her the ring to give to horn, in an effort to engineer a peace between the neighbors and humanity? Is that part of seawracks purpose, and part of why she was sent to Horn? It's a stretch, but something tingles in the back of my head about it.
