I have?a facebook page, but don't have much content up yet except pictures due to an abysmally slow internet connection at present. Am I how you imagined me?

I will try to upload a picture I have with Wolfe there later this weekend. My myspace profile has a lot more stuff on it but it is a bit old now. My name there is terminus est and I think the page address was something like myspace.com/felicibusbrevis but I need to check it again in a minute.

I believe there can be only one Marc Aramini. If you google me, that's who you get. No one else.

I didn't see your Facebook page when I searched, nor did I see Lane's. I guess some Urthlings are just hard to find.

(Feel free to friend me; several of you already have)

Yeah, I couldn't find you guys either. I think you're on facebook in an alternate timeline or something.

Maybe someone should start an "Urth List" group.

Like some kind of mailing list where we could talk about Gene Wolfe?

Nah, I mean a spot on Facebook for folks from this list to find each other.
