'tends to'.

Once in a while you run into a leftist who is not completely out of touch with reality. Not too often.

Actually, that's not completely fair. Many leftists are in fact in touch enough with reality to carry on their daily lives. But if you talk to one often enough you will find that he believes stuff that just ain't so (like, the government issues money or theft is OK when it is performed by legal process, things like that).
