The Urth list — 1 messages, 1 voices, 20 May 2009

<https://urth.darkrealm.vip/thread/urth/5446>

Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I've already removed the list to my other email address, not trying to quit!
