Urthers --

Once upon a time, I came across an interview with Wolfe online in which he was asked to name his favorite horror books. I was unfamiliar with most of the ones he named and can't remember them all now. The one I recall (because I ordered it from the library) was Dreaming by Carolyn See. The choice struck me as somewhat odd, since the question likely anticipated that Wolfe would list *fiction* and Dreaming is a memoir.

I was going to look at that interview again this afternoon, but now I can't find it at all. Do any of you know where that interview might be located?

Thanks!

John
