Subject: Terminus Est Music Video?

If this hasn't already been shared (or shared in a long while), I would like to point to this early late 80's/early 90's music video inspired by the Book of the New Sun. You will notice several inaccuracies I am sure.

Good for a laugh... Almost makes me feel like a film adaptation is possible.. Or maybe not. =]

How many details can one video possibly get wrong?

- 1) Severian and other torturers wearing shirts.
 - 2) Sharp point at the end of Terminus Est.
 - 3) The Claw represented by some sort of blue glass wind-chime ornament.
 - 4) Severian with brown hair instead of black, and not clean-shaven.
 - 5) Thecla's cell should have a door, not bars.
 - 6) Severian fetched from in front of the tomb to begin his exile, instead of from a cell.

I know he shaves, but I forget where it says he's clean- shaven.

5) Thecla's cell should have a door, not bars.

6) Severian fetched from in front of the tomb to begin his exile, instead of from a cell.

7) Severian and Master Gurloes should be wearing masks.

I thought about posting a comment on the video: "Here's what Severian looks like." But I couldn't find anything on the Web. Is there an image anywhere, maybe made by a fan, that shows him as he looked between getting and losing Terminus Est?

With mask, there are numerous image hits when one googles "severian", but as for without the mask - what actor in what role would you say he resembles?

All the ones I saw showed him wearing a shirt, or maybe had some equally blatant inaccuracy.

but as for without the mask - what actor in what role would you say he resembles?

If we're going to do that again, I'll just watch, since I don't see many movies and don't know what most actors look like. But someone who's tall, thin, dark-haired, and pale-skinned.

I could have played Severian. Twenty-five years ago. If I could act.

I don't mean to toot my own horn, but I do a lot of lo-fi acoustic stuff in my spare time. I even named my one-man band after a Wolfe story. My latest album has a couple Wolfe-inspired songs on it, namely "Allowin's Necklace" and "The Packerhaus Method." You can listen here:
