Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Craig Brewer — 09 Jun 2010, 03:09

I set up a Facebook profile where I can post my pictures, videos and events and I want to add you as a friend so you can see it. First, you need to join Facebook! Once you join, you can also create your own profile.

Thanks,
Craig

Craig Brewer — 09 Jun 2010, 03:34 · in reply to Paul B

My apologies to everyone. The facebook emails sent from my account to everyone seem to be part of some kind of odd phishing scam, and are not from me. Best to just delete anything, methinks.
