The Urth list — 7 messages, 6 voices, 23 Sep 2010

<https://urth.darkrealm.vip/thread/urth/5751>

Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Dear Russell :

I call your attention to the following link, posted at the bottom of every damn message this list sends out :

Subscription/information: <http://www.urth.net>

Sending "subscribe" or "unsubscribe" messages to an e-list very rarely brings about the desired outcome, assuming that your desire is not to rile the listmembers and be roundly mocked. Please RTFM, and have a nice life.
