FWIW, in that recent People Online Chat, Wolfe seemed to say that Weer was not a mass murderer.

That was my question, and let me tell you I felt like a dork. The transcript doesn't quite give justice to the timing, though.

Me: Did the narrator kill many of the other characters in the book? Wolfe: Let me think about that... no. <pause> Wolfe: I don't think so, no. <pause> Wolfe: I'm trying to remember who killed who in that book, and I'd have to go back to it.

At first, I thought he was just dismissing an incredibly stupid question (not the first time in the chat I felt like a dork). But *someone* killed those people.

Now the question is who.
