

Semi-OT: SF Gateway

The Urth list — 1 messages, 1 voices, 19 Oct 2011

<https://urth.darkrealm.vip/thread/urth/6073>

Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Matthew Keeley — 19 Oct 2011, 20:24

I remember a few months ago there was some discussion here of Orion's SF Gateway ebook site. News of its launch passed me by until just this week; it seems to have an extremely good selection of out-of-print, but unfortunately there aren't any Wolfe rarities available yet. The first three volumes of New Sun are available, it's true, but copyright issues mean they're only for sale to non-US readers. Other books by other authors don't have this restriction, but Wolfe's in print from different publishers in different countries.
