Has anyone purchased Gate of Horn, Book of Silk yet? I've had my copy for a few weeks now and wondering what every one else thought?

Ordering it now! Last I checked, I don't think it had even been listed on Amazon! Away I go!

My copy arrived two weeks ago. I think it's excellent work.

Yeah it really is a great reference work. The timeline for Book of the Short Sun is worth the price alone. There are a few things I don't know if I agree with, for instance the entry on Auk where it is proposed that he is Tussah's son. This is the first time I've heard that theory and was wondering if there is any evidence that you guys know of to support it.
