Hi, folks. I finally wrote something new about Wolfe and almost forgot to link to it here on this list. It's not on my Wolfe blog this time, but was part of a '30 Days of Halloween' series I just finished on the theme of theological horror. The post is at the following link:

I must say I do wish someone would make a quality illustrated Gene Wolfe Bestiary. It could have, say, succinct Andre-Driussi-type entries on each creature accompanied by, say, Wayne Barlowe-type illustrations. (Or maybe a host of illustrators, reaching back to Bruce Pennington and Don Maitz and forward to folks like Mike Mignola and Jude Palencar.)

Anyway, of related interest to some here might be the following:
