Tried to send this message a few times but it hasn't gone through. Still looking up references in Peace, at one point Lois Arbutnot says that Weer's sword is not like Jorgen's. (it is a secret sword, a pocket knife) so I started to read Jorgen, which is dedicated to burton rascoe. Not quite enough to get the name Roscoe?which Blaine uses for James McAfee, but within three pages several things struck me: talk of Jorgen as a symbol of the sun, and then talk of the Nessus shirt. The centaur Nessus allows Jorgen to talk to his earliest love when she is young before her betrayals. Time shifting of perceptions going on as well there.

several things struck me: talk of Jurgen as a symbol of the sun, and then talk of the Nessus shirt. The centaur Nessus allows Jurgen to talk to his earliest love when she is young before her betrayals. Time shifting of perceptions going on as well there.
