I'm interviewing Gene Wolfe for @techreview's 3rd annual science fiction special. Send me any questions you'd like me to ask.

Every time they have an open call for questions :/

At last May's Nebulas they had a q and a and some off the wall questions from the audience. I loved how when the question was asinine Wolfe would just answer with an awesome non sequitur, like telling a story about riding a runaway horse jumping over a chasm or a cow falling off a cliff as he drove by.
