Great write up. This story, I always assumed, is part of the Brown Book from New Sun. I only bring this up, so future stories commented on will be identified as such. Very much looking forward to a write up about Empires of Flower and Foliage. I think that story is about how Severian won the Ascian war. Which New Sun Severian won, while Urth Severian lost.

Yeah there is a scene in new sun when thecla's childhood friend (domnina?) is shown the mirrors by Inire and Inire says they have almost hooked the fish reflected into existence. I thought about mentioning that scene. Sev's association with the sun complicates a lot of these solar stories. To bring it in or not?

At the point of Capricorn and the boy who hooked the sun I feel it is kind of irrelevant to associate the sun with sev. But perhaps not to associate it with something like God.
