Fellow Lycophiles:

I'm happy to announce the availability of CAVE CANEM: A Guide to the Characters and Placenames of Gene Wolfe's THE FIFTH HEAD OF CERBERUS.

It consists of 115 entries organized in much the same way as mantis' LEXICON URTHUS (whose format I shamelessly stole), and while the completed work will contain supplemental essays, timelines, maps, graphics and family trees, I'd like to offer what I now have as a token of my appreciation to the members of this list. Plus I could use the feedback. We could even discuss some of its more controversial entries here.

At any rate you need to be able to receive attachments with your e-mail. CANEM is in .doc format and 71Kb. Sorry, but at the moment, I'm not offering printed, mailable copies, although if you're desperate I might consider a floppy exchange.

Just drop me a line via e-mail and let me know your interested.
