Alga:

When GW agrees to be GoH at a convention, I'm sure he **insists** on a chair of massy gold <g>.

Is that before or after the concom send him out for ice? :-)

re: Hawksmoor

I quite agree - I read it just recently (though it's been on the list for a long time) and I thought it was terrific. I keep meaning to go and look at the churches (St Alphege in Greenwich is just down the road really).

I also recently read Bulgakov's "The Master and Margerita", which has definite Lupine touches - compare, say, "Castleview", with it's mysterious and malevolent visitors, and talking cat.

cheers,
