What's your Vironese name?

I made a deal with you, alga, and I intend to honor it. But I also feel the need to speak up for the many subscribers of this list who still continue to use their real names. You may fault them (and me)...

I am reminded of _The Thurb Revolution_ where the differences between Realists and Nominalists is discussed.

WRT Dante, I have previously commented on the quote from Shea's Inferno (he never got around to the other places...) in UotNS.
