Maybe I slept through mention of this here, but I just read this on another (music-related, nominally) list that I'm on:

And I'm a bit afraid that Mr. Wolfe is turning into an old fart. Not only was the LONG SUN tetralogy a distinct letdown, but I recently read a review that he wrote in which he made lame and gratuitous anti-"political correctness" asides.

I hope this is just a phase...

Anyone know what review this person is talking about? If so, what does it actually say?

later,

Miles
