alga having recently written:

< I have another theory that our Cumaean may turn out to be an inhumus! But I'm sort <of kidding there. (Not entirely.)>

Ohmygosh. Are we about to enjoy our first fan fiction from the black queen of I-don't-believe-in-subtext?

C' m' on, alga, fire up the old photosynthetic nerve endings and lay it on us.

Sgt. Rock and I are dying to read this one!

This is Sean Whalen (prion).

Alga has a (half-joking) theory that the Cumaean is an inhumus. However, why don't Father Inire, Ossipago, Barbatus, and Famulimus know this? They all say she is a Hierodule (The Urth of the New Sun, p. 357).
