Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Damien Broderick — 06 Jul 1998, 19:24

I wrote to Peter Nicholls thus:

On the URTH list, someone asks:

< In _The Multimedia Encyclopedia of Science Fiction_ (CD-ROM) John Clute
and
Peter Nicholls state quite baldly "'A Solar Labyrinth' (1983) was a
metafiction about the entire Book [of the New Sun]." Does anyone know if
their thinking on this point derived from any support Wolfe might have
given this idea? >

Care to elucidate, old bean?

He replies:

This is new to me. I don't think I'd even read the CD-ROM version of the Wolfe entry, or if I had,
I'd forgotten. You'd need to ask Clute.

=====

I have done so, and will relay any Strange Truths as they emerge.
