I'm wondering can anyone direct me to where I might find this document written by Robert Borski around 1998 regarding Gene Wolfe's Fifth Head of Cerberus. Apparently it was available on his website which is no longer accessible.

Looks interesting, too.

That's weird at the moment I'm getting the following error:

<http://webpages.charter.net/rborski/index.html> is not available in the Wayback Machine. Try another request or click here to see if the page is available, live, on the Web.

I'll try later. Thanks!

The guy who wrote LEXICON URTHUS (sort of an A-Z dictionary of Severian's world) has something called "Cicerone Sinister" available at his website <http://www.siriusfiction.com/fifth.html>

I gather its a print version of the document your looking for +extras. Or something similar thereto.
