The current Tor schedule <<http://www.tor.com/scheduletor.html>> lists it as a February 2001 release. According to a conversation I recently had with Patrick Nielsen Hayden on rec.arts.sf.written and in e-mail, Tor schedule dates are pretty close to real, so it might show up in stores as by late January but almost certainly not by early January.

I have been mildly pestering David for an advance reading copy; I haven't seen one yet.
