Just spent ages catching up on the last 15 digests. Blimey!

Anyhow, just a couple of quick things I couldn't resist:

Well, everyone on Tzadkiel's ship seems to speak Urthish, for what that's worth.

Not true. I can't be bothered to look for the ref, but I distinctly remember Gunnie talking to Sev about the ship and explaining how the put similar races near to each other, and hints there may be different atmospheres in the further reaches of the ship for totally 'alien' races. Remember, only people from urth get to land on yesod to go and 'judge' Sev.

1c. This is not Wolfe but Star Trek, and humans intermarry with aliens all the time!!!!

Now as you know very well Wolfe and Star Trek are NOT mutually exclusive. The former did write an episode of the latter after all!

And I as a question (although I'm sure I don't deserve any favours after comments like the above). Is the Clute review available on the web anywhere, or could anyone email me a copy?

Whoa. I sure did not know that. What episode, on which show?
