Hey, does this then perhaps answer the question about who it is that Mora and Inclito remind Horn of --i.e., Mucor and Blood?

Pertinent quote from IGJ: "...after racking my brain for long days I've finally realized who you and your father remind me of. I knew--I felt, at least--that I had met you both before. I won't tell you because the names would mean nothing to you."

Hmm, given the conversation with Mora in which Horn basically tells her she's going to be dead sexy when she grows up, in spite of being a big, tough woman, my assumption has been that he was thinking of Chenille, not Mucor. I had thought Auk for Inclito, but Blood is certainly a reasonable speculation as well.

I thought it was Chenille and her father, Calde Tussah.
